HOW DID THE FUND PERFORM LAST YEAR AND WHAT AFFECTED ITS PERFORMANCE?

The Fund uses a multi-manager approach, allocating assets to one or more sub-advisers and may also allocate assets to third-party mutual funds and ETFs. The Fund allocated the following portions of its portfolio to sub-advisers and their strategies as of September 30, 2024: Acadian Asset Management LLC (Acadian) (7.2%, Active International Developed Markets), Aristotle Capital Management, LLC (Aristotle) (7.5%, Active International Developed Markets), Kayne Anderson Rudnick Investment Management, LLC (Kayne Anderson) (0.9%, Active International Small Cap), Ninety One North America, Inc. (15.0%, Active Total International Markets), Schroder Investment Management North America (Schroder) (10.1%, Active Emerging Markets) and WCM Investment Management LLC (14.8%, Active Total International Markets). The Fund also held positions in Schwab International Equity ETF (32.2%) and Schwab Emerging Markets Equity ETF (12.0%).

The Fund returned 25.0% for the year ended September 30, 2024, underperforming the MSCI All Country World ex-U.S. Index benchmark return of 25.4% for the same period. Active managers within total international markets contributed to the Fund's relative performance, aided by strong stock selection. Acadian added alpha to the Fund's returns while Aristotle and Schroder detracted from the Fund's returns. Kayne Anderson was the leading detractor of Fund performance for the period as international small caps underperformed their large and mid-cap counterparts. The Fund's allocation to the international small cap sub-asset class, which is not included in the MSCI All Country World ex-U.S. Index, also detracted from overall performance during the period.
